Re: Distribution Registration; Durable Medical Equipment Registration

Date: June 2, 2008

Enclosed please find three applications. You will need to fill out and return the Application that best fits the description of your business.

If you are selling, renting, or supplying durable medical equipment or medical gases directly to the patient you will need to fill out the durable medical equipment registration.

If you are shipping non-prescription drugs or over the counter medications into the state of Kansas you will need to fill out a non-prescription drug distributor license.

If you are shipping prescription drugs, controlled substances, or pseudoephedrine, ephedrine, or PPA wholesale you will need to be registered as a Prescription Drug Wholesale Distributor.

You will have until August 30, 2008 to have your application in to the Board of Pharmacy.

If you have any questions call the Board office at 785-296-4056.
